In fact, you may even be thinking about how it is possible that you still have so many questions and you have been through all of this already. You may also be wondering about the need for healing and if this process will provide you with the answers you seek or push you past your limits. To fully understand the impacts of the abandonment you experienced as a child, you will need to experience the intimacy of 'hearing my voice.' When we fully understand the wounding of the past and how it is connected to who we are and the impact it has had on our relationships, we can begin to heal. It is important to learn how to do this now so that you do not continue to act out of old patterns. The healing process of working on the past, connecting to the truth and healing is not done quickly, and you need to understand that. The benefits of healing your past are great, and the positive energy you will feel when you fully understand what you have been through will outweigh the sometimes difficult journey to discover and release the past.
