Crazy Num Caps Scroll For PC [2022]

Crazy Num Caps Scroll is a little utility that will toggle the Num Lock, Caps Lock, or Scroll Lock keys at user defined intervals. Crazy Num Caps Scroll can be setup to toggle a certain key at a user selected interval. The interval can be anywhere from every three seconds to once per month. The user can select how many seconds or minutes they want to have the toggle event occur. At any given time, the user can see which keys are currently toggling as well as a description of the key they are toggling. Another cool feature of this program is that it can be setup to execute a command line at the user selected interval. Crazy Num Caps Scroll is free software and can be downloaded at SourceForge.net. User can choose to have the program begin toggling the keys when they log in to Windows and it will also act when they log off. Crazy Num Caps Scroll requires no user interaction and works silently in the background, and it can be setup and altered through the Registry and command line. Users Activity Analysis Updated: December 18, 2007 Like what you see? Meet Joe, a 47 year old wine drinker from Hendersonville, TN. Over the past few months, Joe has used Crazy Num Caps Scroll to analyze how active he is on a daily basis. He uses Crazy Num Caps Scroll on a daily basis, and provides the following information: When Joe's Account Opened Joe's Account Opened: June 14, 2007 Best Day Ever Best Day Ever: June 17, 2007 Weekly Stats Monday Tuesday Wednesday Thursday Friday Saturday Sunday Total Time 2:35:27 2:47:23 2:23:02 3:16:09 3:33:00 2:53:00 2:45:20 Total Count 6 7 6 10 10 6 9 7 The 'Total Time' statistic is the total amount of time that Joe was active on his account. The 'Total Count' statistic is the number of times that Joe has been active on his account. The default interval for the application is set at '5 minutes', so we can see that over the past four days, Joe's account was active for 13

Crazy Num Caps Scroll [Mac/Win] Latest

Crazy Num Caps Scroll Download With Full Crack toggles the Num Lock, Caps Lock, or Scroll Lock keys at user defined intervals. It can be setup to toggle those keys every few seconds to about every minute. Crazy Num Caps Scroll Crack For Windows does not affect the Windows BIOS. It's primary use is to be applied to the function keys on a keyboard, so that the user can toggle the function keys. Crazy Num Caps Scroll also has command line support, so you can setup a shortcut to toggle each key. It can also be added to the Windows startup, where it would automatically begin toggling the keys. It has no GUI, and no user interaction required. It is completely hidden to the user. The toggling can be setup for multiple functions. The user can select which functions to toggle and for how long, allowing one to never have to type a keystroke to toggle the Num Lock key. Features of Crazy Num Caps Scroll: * Programmable Toggle Function Keys * Toggling can be setup to occur every few seconds to about once per minute * Toggling can be setup to occur to all function keys on the keyboard, or to a single key * Toggling can be setup to occur to all function keys or to a single key, while toggling a specific function key or keys * Toggle can be performed multiple times in a row, allowing you to toggle a key multiple times without having to press any keys * Toggling can be setup to occur on a regular schedule, or can be setup to occur at random times. This allows the user to set the key toggles for themselves * Toggling can be setup to occur without any interaction, and can be setup to occur without having to be running the program * Toggling can be added to the Windows startup, so that the function keys will toggle every time Windows starts up * Toggling can be added to the Windows startup, so that the function keys will toggle every time Windows starts up * Toggling can be added to the Windows startup, so that the function keys will toggle every time Windows starts up * Number of Toggles, Toggle Period, Toggling Period, Toggle Delay, Toggle Duration, Toggle Interval, and Toggle Frequency can be setup in the program * In conjunction with the command line support, all of the features described above can be setup to occur at user defined intervals in a command line * User Defined Toggle Period can be setup for the Toggle Duration, 77a5ca646e
