Its simplicity and speed made this application easy to use and I recommend it. Nice Feature-rich barcode software Nice feature rich barcode software. Not a lot of bells and whistles. In short it is: 1. A barcode 2. A mailing list manager 3. An envelope printing 4. A database One could easily create their mailing list or database and generate the barcode themselves. However, the application supports almost all kinds of mailing list formats, including Microsoft Word as a simple import method. Great for large mailing lists Great for large mailing lists. This software has helped convert my GFAX address book file into a mailing list ready to be scanned and printed into mailers. Works well Works well with data from many sources. I highly recommend this app. Great, works nicely I'm new to mailing lists, but by far the
