In CBX5.1, out of the box, there are 25 sounds on default.- When you install your CBX on other PC's, the previous will be uninstalled and the new one installed. Also, the current one can work fine with no time, if you don't have time to test them. New releases always improved audio performance on Windows 7 too. It's time again to test CBX, to have a good feeling of it. Also, the Test Version is introduced in the new release. When you launch CBX 5.1.0 you can already choose from installed CBX's the CBX 5.1.0 that you want to test. If you don't choose anything the default CBX will be launched. On 1c0b36666d
