it can recover lost passwords for websites as long as you sign up for their website. You get 2+ free hard drives if you pay for \$9.95 yearly subscription and this is a really big incentive for me. The best part is that you can recover all the photos and videos, deleted files, browser bookmarks and more. This is a really great software. No need to wait for someone to complete a recovery process. For me it is getting better with time, I would say that it is currently at version 5 or 6 or 7. Click to expand... i agree with this. i myself have lost 2 hard drive on my macbook and about a 1 year ago i just installed yodot hard drive recovery wizard and recovered all of my data on my macbook. It only took me 10 min to complete the recovery process and I was amazed at how much data was still on my hard drive. I just hope yodot hard drive recovery wizard for macbook will be getting better soon. I just purchased this software. It is the best hard drive recovery program I have ever used. It recovered everything on the second drive from the Mac I used it on. I used the above program to recover more than 160GB of data from a drive that was crash. It recovered the entire drive, the data, settings and everything else that was on the hard drive. I am very impressed with the performance of this program, it recovered my data with no errors. The support person was very responsive and helpful to me. I would highly recommend this product. It is very easy to use and the price was a good buy as well. If you are looking for a good HDD recovery product, check this one out. I was able to recover most of the data from my friends drive that just stopped working. I was able to access the drive with a program I already had on my computer and it worked like a charm. I

---

followed the steps and it recovered about 1GB of data. I'll give it a rating of 9/10, it's a good product but it's a bit time consuming. Highly recommended! (220.18.89.13) The hacking group claimed the attacks were retaliation for BlackBerry's support of a federal lawsuit filed against the Department of Homeland Security (DHS), United States Citizenship and Immigration Services (USCIS), and the Department of State (State) by the Electronic Frontier Foundation (EFF). The group aimed to use the trove of stolen information to embarrass the government and discredit the federal government's actions in immigration enforcement, citing their use of "brutal and harsh tactics".
