Here are the instructions to the program though I'm not sure if they're "right" or not. As far as I know this is where all the latest updates are at for this program. I've seen a lot of comments on this program so I've gathered up as much information as I can. I'm sure a lot more people have the same problem as I did and I'm hoping someone here will be able to help me out. I found it on youtube. I downloaded the codecs

Durable practice required to master the arborist's trade. The role of an arborist is one that requires extensive technical knowledge in order to do it safely and effectively. Most companies require their arborists to be able to take clients through a formal tree care assessment, develop a comprehensive tree plan, and also keep up with the ever-changing landscape of the tree care industry. What is required of an arborist? Making the decision to become an arborist requires real commitment. It takes years of experience in order to become a highly efficient arborist and to develop the knowledge required to do the job effectively and safely. Every arborist is at least a journeyman, meaning they have passed the required tests that show their advanced technical skills. They also must have at least two years of full-time employment as an arborist or related industry. The College of Trees In order to gain access to the certification process, an arborist must first become licensed by the Association of Tree Care Professionals (ATCP). The ATCP is the only organization that is recognized by the U.S. Department of Labor to provide job placement and continuing education for certified arborists. This is the only way arborists can get a professional certification
